SPANISH CLUB

Who has a second language, has a second chance in life!

¡Hola soy Esther! I am a qualified native teacher from Spain with 12 years of experience, and teaching is my passion. As parents, we know that learning a second language offers countless benefits—enhancing communication skills, supporting cognitive development, opening future career opportunities, and deepening cultural understanding.

In the **Spanish Club**, children learn much more than just vocabulary and grammar rules. Through engaging topics, songs, reading, writing, and interactive activities, they build a strong foundation in the language while developing confidence in their communication. We also explore fascinating grammar exceptions and dive into the rich cultural roots and history of the Spanish-speaking world.

Children discover important places and influential figures such as Miguel de Cervantes, Santiago Ramón y Cajal, Gaudí, Frida Kahlo, and Rafa Nadal, among others—gaining insight into their lives and valuable contributions to global history.

Whether your child is a complete beginner or already has some familiarity with Spanish, they will leave each session with a strong sense of achievement, deeper cultural awareness, and a genuine love for learning.

So, are you ready?

Come and join the Spanish After-School Club on FRIDAY, just after lunchtime, for a fun and enriching experience! (Rec, Y1, Y2, Y3)

German Language After School Club

Hallo Kinder!

This **After School German Club** is aimed at **Year 1 to Year 4** and it is for both native and non-native speakers.

The club takes place every **Tuesday** from **3:40-4:40pm**

The aim of the Club is for the children to enjoy learning German in a fun and stimulating environment through songs, short videos, games and interactive whiteboard activities. The main focus also being to develop cultural awareness of aspects of life in Germany. Two puppets will also keep the children entertained by inviting them to sing songs and modelling role plays.

English and German have many common words, structures and practical similarities. Children will also find speech sounds very similar to English. All of this will help pupils to learn German by building vocabulary very quickly and get them speaking.

Contact: Sonja Schmitt (native German speaker) / soniaschmitt@hotmail.com
